

Two connections – One pure design

The Jabra JX10 headset connects wirelessly to your Bluetooth mobile phone and simultaneously to your corded desk phone via a discreet Bluetooth Hub for ultimate convenience and ease of use with none of the hassle of changing headsets.

Developed for the active professional in the office and in the field, the Bluetooth Hub is compatible with most corded desk phones. MultiPoint™ connectivity and up to 10 meter range provide flexible options for simultaneous connection of two devices of your choice to a single headset: desk phone Bluetooth Hub and Bluetooth mobile phone, two Bluetooth mobile phones, PC Bluetooth enabler and Bluetooth mobile phone.

Jabra JX10 incorporates 128 bit security encryption to protect your sensitive communication and includes eSCO (extended Synchronous Connections) and DSP for enhanced voice quality via Bluetooth audio links.

The distinctively styled Jabra JX10, designed by world-renowned Danish designer Jacob Jensen, and the Bluetooth Hub are as attractive as they are functional.
