

Streamlined Design Uncompromising Sound

D 10 USB

D 10 USB

Made for office professionals working in Unified Communications environments, the Sennheiser D 10 USB is a single-sided wireless DECT headset for connecting directly to the softphone/PC. Designed for all-day use, its streamlined design makes no compromises when it comes to exceptional sound and brings the freedom of a wireless solution within reach of even more everyday users.

Sound leadership

Sennheiser Voice Clarity delivers wideband sound for a natural listening experience, while a noise-canceling microphone gives perfect speech transmission. Digital Signal Processing (DSP) gives a clearer sound with echo canceling and audio equalization.

Quality design

With plug and play UC compatibility, the D 10 USB has a streamlined design featuring built-in cable management, magnetic charge interface for secure placement and status indicators to show available talk time. Its lightweight headset offers 2-in-1 wearing styles with headband or ear hook.

User focus

The D 10 USB has a built-in ringer and is UC optimized for maximum productivity

with leading UC platforms. With a range of up to 55 m (180 ft) in a typical office environment, it provides a full workday of talk time with fast charging of up to 50% in just 20 minutes. DECT spectrum wireless connectivity does not interfere with nearby WIFI devices and gives a cleaner, more stable sound. Use up to 4 headsets per conference call from the same base station and take advantage of convenient hot desking. Easy one-touch call management* for control on the go. Sennheiser patented ActiveGard® technology provides hearing protection against acoustic shock.

Features and Benefits:

- UC optimized – for maximum productivity with leading UC platforms
- Sennheiser Voice Clarity – wideband sound for natural listening experiences
- Advanced wideband audio using CAT-iq technology
- Single connectivity – Connects directly to your softphone/PC
- Noise-canceling microphone – for perfect speech transmission
- DSP (Digital Signal Processing) – for echo canceling and audio equalization
- Secure base station with solid metal plate for stability

- Built-in cable management keeps your desk tidy
- Magnetic charge interface for secure placement when charging
- Status indicators show available talk time
- 2-in-1 wearing style (headband or ear hook) for all-day use
- Built-in ringer with choice of three ring-tones and adjustable ring volume
- Energy saving DECT technology delivers a full workday of talk time
- Fast charging delivers 50% in just 20 minutes
- Long distance wireless range – up to 180 m (590 ft) with line of sight – 55 m (180 ft) in typical office environment
- Convenient phone conferencing with up to 4 headsets per call and simple hot desking
- One-touch call management – answer/end, vol. +/-, mute for control on the go
- DIP switches for easy product setup
- DECT protected frequency band without interference with WIFI networks
- Efficient encryption for secure conversations
- Full workday of talk time – 8 hours wideband and 12 hours narrowband
- Sennheiser Updater – for convenient and instant software upgrade
- ActiveGard® technology – hearing protection against acoustic shock
- Two years warranty for peace of mind

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of exceptional HD sound, quality design and build – and a focus on real life usability – give the best performance possible in busy offices, call centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets and speakerphones for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
