

Experience excellent sound and voice quality with BT-D 800 USB

BT-D 800 USB

 **SENNHEISER**

## BTD 800 USB

The BTD 800 USB is a PC dongle designed to work seamlessly with the Sennheiser Presence™ UC Bluetooth® headset and Sennheiser MB Pro UC Bluetooth® headsets.

### Compatible with leading UC platforms

Together with the BTD 800 USB, Sennheiser PRESENCE™ UC and MB Pro UC Bluetooth® headsets provide compatibility with leading UC platform providers such as Cisco, Avaya and IBM. This powerful combination provides you with a high-end solution that lets you maximize the potential of your Unified Communications.

### Plug and play

Without requiring any technical installation, the BTD 800 USB provides your computer with a Bluetooth® connection to the headset. This ensures you an excellent voice and sound experience.

### Increased range

Now you can get the freedom to move up to 25 meters from your PC with dongle – depending on device and environment.

### Features and benefits:

- **Optimized for Unified Communications PC based systems** – simply plug in to your PC\*
- **Sennheiser voice clarity** – wideband sound for a natural listening experience
- **High quality audio mode** for enhanced listening to music
- **Small size dongle** – easy to carry in your pocket – and stays discretely plugged in to the PC
- **Peace of mind** – thanks to the 2 year international warranty

\*HeadSetup needed to enable call control.
