

## Compact Business Grade Portable Two-Way Radio

Shown Actual Size

### Everything you need - all in one box!

Radio body with compact high-performance antenna, 1800 mAh Li-ION battery pack, Desktop fast charger, UK Power supply, Belt clip, Easy-to-follow UK instructions.

### Key Features

- Simple controls and voice annunciation make operation intuitive.
- High capacity (1800 mAh) Li-ION rechargeable battery pack - provides over 24 hours use between charges.
- Loud (750mW) and clear audio ensures reliable communication.
- Tough and durable to survive everyday use - thanks to a polycarbonate casing and aluminium chassis.
- Pre-programmed with 16 user-selectable channels.
- Available to suit licence-free PMR446 or professional radio users.
- Desktop intelligent fast charger - recharges the battery in just 4 hours.
- Built-in VOX function, with adjustable sensitivity, for hands-free use.
- Sleek and slim, ergonomic design - very comfortable to carry and use.
- Weatherproof construction and sealed casing protects the radio from dust and rain (IP55).
- Motorola compatible, two-pin accessory jack for the widest choice of audio accessories.
- Two configurable dual-function side buttons to activate a range of additional features or customise operation.
- Extensive range of additional accessories - including headsets, microphones, carry cases, car chargers, programming kits and more - to enhance operation and suit your own operating requirements.

### About the Opus T2

This simple-to-use, highly-affordable, two-way radio is the perfect communication tool for organisations of almost any type.

Coupling the convenience of a compact, rugged and functional design with the features and high performance of a quality licensed business radio, the **Opus T2** has been designed to meet the needs of a very wide group of users and deliver a superior price:performance ratio.

### Why choose the Opus T2?

The **Opus T2** should be the first choice for any radio user or organisation seeking a reliable, high quality, simple to use, business grade radio for licensed or licence-free situations.

It's the perfect and affordable upgrade for anyone using 'consumer' grade PMR446 licence-free radios, or to increase the size of your licensed business radio fleet.

### Simple & Reliable

The **Opus T2** is simplicity itself to operate thanks to its ergonomic design, loud and clear audio and impressive communication range.

The robust, high quality sealed casing keeps it operating in a wide range of tough workplace environments.

When your users, workplace or application have specialist requirements, the **Opus T2** is supported by a wide range of quality accessories.

### Licence-free PMR446

Two versions of the **Opus T2** are available. For shorter range, licence-free use, where privacy is less important or compatibility with existing PMR446 radios is required, choose the **Opus T2-446** version.

This model can be supplied preset for direct compatibility with a wide-range of licence-free models, ensuring smooth and seamless integration.

### High Performance

When licence-free radios can't deliver the range you need, or if channels are becoming congested with other users, choose the **Opus T2-PRO**.

This higher power model gives greater communication range and allows a wider range of programming options, making it ideal for use in professional radio applications.

As standard the **Opus T2-PRO** is preset for use with an Ofcom 'Simple UK licence' - a great value, off-the-shelf radio licence!

### Opus For The Future

As your radio system expands, your **Opus T2-PRO** radios can grow with you.

When required, radios can be re-configured to use additional features and operate on private business radio channels.

The **Opus T2** is an impressive communication tool - contact your dealer and try one today!
