

Intuitive communications. Instant information.

KX-NT680

The latest in IP telephone technology, designed by Panasonic

KEY FEATURES

- Large Color LCD with 480 x 272 pixel
- Flexible Function Keys of 12 items x 4 pages with Self Labeling
- Built-in Bluetooth
- Supported SRTP for secure communication
- Any image data can be displayed on LCD

To prepare for the future of your business, you need a clear vision of its performance today. Panasonic's new KX-NT680 IP phone gives you just that, displaying all communications information in one crystal-clear display.

- Information is always available at a glance, thanks to highly intuitive display
- Integrate corporate branding and information into the display throughout your organisation
- Reduce the risk of security attacks with SRTP support
- Enjoy easy set up with embedded centralised management and remote administration settings

- Register up to 48 flexible function keys, giving more support for frequently used numbers
