Avaya J100 Expansion Module

Typically used by end-users in administration and reception areas where call coverage is critical and status of calls must be monitored and managed.

The Avaya J100 Expansion Module extends the number of call appearances and feature buttons on the Avaya IP J179 Phone. Each expansion module provides 24 additional buttons for incoming/outgoing calls, for features such as autodial, for dialing contacts, or for other applications.

Specifications:

- 4.3 inches, 272 x 480 pixel color display.

- The Avaya IP Phone J179 support up to 3 button modules, and each button module can take both Stand and Wall mount positions together with the phone.

- The J100 Expansion Module provides access to up to 24 buttons and lamps with ability to display 3 pages when a single expansion module is used.

- Each feature/line button has a red/green indicator.

- Pre-configured background or screensavers are available to match the base phone.

The Avaya J100 Expansion Module extends the number of call appearances and feature buttons on the Avaya IP Phone J179.

- Power is supplied by base J179 (PoE class 2). If 3 expansion modules are attached to J179, then an external 5 volt power supply is required.

- On Avaya Aura® and Avaya Approved Third Party Platforms, users can customize to determine which features/lines are positioned on the module.

- Supported on J179 with both H.323 and SIP software.
