5. FAQ & Solutions:

1) Question: Does this speakerphone work well with Mac or Chrome OS?

Answer: Works perfectly. Before you use USB speakerphone in Mac/Chrome system, you need to set the speakerphone as the sound in and out option in computer system preferences.

2) Question: Is there any adapter or proper cable suitable for connecting this USB speakerphone to telephone?

Answer: No, this USB speakerphone is only suitable for computer/laptop, this product does not work with traditional telephone.

3) Question: What is the conferencing range of this USB speakerphone?

Answer: The speakerphone could pick up voice from 3-5 meters' range, and it is also perfect for 3-5 attendees meeting.

4) Question: Does it work with smart phone or mobile?

Answer: No. This product is not a Bluetooth speakerphone with Bluetooth connection function. It only works with computer or laptop with USB port.

6.Warranty

All our products come with one full year warranty from the date of purchase (accessories are out of warranty). It will be out of guarantee if damaged due to incorrectly use or force majeure.
