zoom Certified

The Yealink UVC20 is a full HD webcam for a brilliant personal desktop video experience, which can be applied to remote working, open meeting scenarios, distance education, training, live streaming, and telemedicine. Powered by 5 mega-pixel full HD glass lens, omni-direction mic, auto exposure, auto focus, and rotatable lens, UVC20 ensures perfect clear video in any environment. Compatible with virtually all video conferencing software applications, you can quickly set up and run any meeting.

Smooth Video, Premium Experience

UVC20 ensures smooth experience and clear communication with premium video and audio experience. 5 Mega-pixel full HD glass lens delivers 1080P HD video and true-to-life clarity. The built-in omni-direction mic supports for accurate voice pick up ranging up to 180°/4.9 feet, bringing crystal-clear communication.

Easy Using, Quick Start-up

As an USB camera, UVC20 is plug-and-play and right for various video conferencing platforms or applications with a convenient BYOD experience. Moreover, Yealink USB Connect as a management software delivers a host for the capability to monitor usage, access the device information, conduct diagnoses, and perform firmware updates, which is time-saving and worries-free for management.

Automatic Exposure, Intelligent Adjustment

UVC20 brings truly easy, convenient, and efficient video time without the limitations of a complex environment and manual operations. Smart Light* optimizes the image for the best even in the lowlight or backlit . Through ePTZ control, auto focus, and rotatable lens, the UVC20 enables to perfectly catch every spotlight without manual adjustment.
